

Essential Rewards program advantages include:

- reduced shipping
- free products with qualifying purchases
- 10% product credit months 1 to 3
- 20% product credit months 4 to 24
- 25% product credit months 25+
- Free products (loyalty gifts) at months 3, 6, 9, and 12

For example, a \$150 order at 10% would bring you a \$15 product credit. Add these up over time and cash them in for free products. Note that the autoship is flexible, meaning you can change the products in it and also cancel it at any time.

Here is the breakdown on what you can receive for free with your \$300 PV ER order:

- 25% in Essential Reward points (that's \$75 of free product for a \$300 PV ER order)
- The full 4 tiers of Young Living's promo, this month's value is approximately \$214 retail. Combine that with your ER points and you are receiving as much free stuff as I purchased . . . wow!!! . . . Follow the link for this month's promotion details: http://bit.ly/YLPromo_September2017

For those of you who are business builders, if you set the energetic tone for your team by making a regular top tier, \$300 ER purchase, you will be amazed by how many of your team members will begin to do the same. And then, as more of your team members become more familiar with more products, their natural inclination to share becomes irresistible, for them, and for those with whom they share.

Remember, too, Young Living has nutritional supplements and personal care items, all top quality and almost all essential oil infused. When members learn this and begin to transfer their purchases from wherever they used to obtain their soaps, lotions, shampoos, toothpaste, vitamins, and more, a \$300+ or top tier PV purchase becomes very, very easy.
