

Directions From Route 4

1. Route 4 East to 2nd Englewood / Grand Avenue exit
2. After taking short exit turnoff, make left towards Broad Ave
3. Left turn onto Broad Ave
4. Drive under the freeway and thru a traffic light
5. Continue on Broad Ave under another overpass
6. Thru another traffic light and thru a 4-way stop sign (here the road changes names to Dana St)
7. Dana St ends at a traffic light, which is Palisades Ave.
8. Make left turn (from the right hand lane) and an immediate right turn onto Lydecker St
9. At the 2nd stop sign make a sharp left turn (this is a 5 way intersection—make a sharp left) onto Glenwood Rd

You will be driving down a long, curvy hill. As you pull out of the curve at the bottom of the hill a white picket fence will be on your right. Across the street, on your left will be:

108 Glenwood Rd—a light brown stucco house, with 2 pillars in the front and a black door

Once you see the house, you will have passed the driveway. You are welcome to park in the driveway or on the street. Enter via the front door.
