

THE ESSENTIAL EDGE

NEWS OF THE WORLD LEADER IN ESSENTIAL OILS

FOUNDER'S MESSAGE

THE COUNTDOWN IS on for the biggest International Grand Convention—and party—in Young Living history! I am so excited to be with you in Dallas and to feel your love and passion for our unique message.

The convention is one of my favorite weeks—or two, this time—of the year because I get to look into your eyes and see how Young Living has changed your life. For many members who pursue our rewarding lifestyle, there is a defining gift: the opportunity for real freedom. Young Living—through our world-class products and opportunity—can help so many people and change so many lives.

"We can dream as big as we dare, and we can go forward into the future with determined hope."

This month we in the United States celebrate freedom! We celebrate being able to worship, love, and live as we choose. We can dream as big as we dare, and we can go forward into the future with determined hope. We owe so much of this hope in the U.S. to the brave men and women of the armed forces who have sacrificed so much—many of them having paid the ultimate sacrifice—to protect the freedom that we claim.

Freedom, however, is accessible to Young Living members everywhere. We are free to dream and passionately pursue our dreams. We are free to make choices—positively or negatively—that will lead us to our destiny, and we choose our destiny.

Young Living is a remarkable avenue to pursue and realize your biggest dreams. Imagine your life with the financial freedom, time freedom, and wellness freedom you've only dreamed of. That's the Young Living lifestyle.

ARE YOU READY for the biggest Young Living International Grand Convention ever? This August members from all over the world will "Light the Fire" in the great city of Dallas, Texas, for an experience unlike anything you've had before. With exciting educational and networking opportunities, the International Grand Convention is your best opportunity to learn and live the Young Living lifestyle! Get ready to party in true Texas style, where everything is bigger and better!

What to Expect: The International Grand Convention is an unforgettable, immersive learning and networking event; and this year we're blowing away every expectation. Leaders in essential oil research, health, and personal development will share their insights and discoveries; you'll hear from Young Living founders D. Gary and Mary Young and be inspired by motivational speaker and athlete Kyle Maynard; you'll have access to top Young Living leaders during high-energy workshops; and you'll be the first to experience many new breakthrough products being added to our nutrition, personal care, and essential oil offerings!

And because we're doing it all in Dallas, we're getting the party started with the concert event of the year and rocking with country music star and American Idol winner Scotty McCreery!

Convention at Your Fingertips: Are you excited yet? From keynotes and workshops to fun-runs and concerts, this year's convention is a huge deal—just right for Texas! We're in a new location, far from the familiar mountains of Salt Lake City. So to help you get around and make the most of your convention experience, we're happy to announce we've built a 2015 Young Living International Grand Convention app! For the first time ever, you'll be able to access a fully interactive app on your mobile device complete with intuitive maps, workshop surveys, custom schedules, social media engagement, and everything else you need to know to make this your best convention yet!

Look for more information soon about this exciting new app!

FULL CIRCLE: FROM FRANCE TO IDAHO AND BACK AGAIN

At the Simiane-la-Rotonde farm, true Young Living lavender flourishes next to struggling native French lavender.

ONE OF THE most unique aspects of the Young Living brand is our proprietary Seed to Seal® process, which guides how we cultivate and distill our botanicals to produce our essential oils. It all starts with the botanicals we carefully select to cultivate, from Idaho blue spruce trees growing in pristine Idaho wilderness to our signature lavender from France.

When Gary started his St. Maries farm in 1992, he wanted to ensure that this pristine Idaho farmland would offer the best conditions for growing our botanicals; so he aggressively tilled in several tons of nutrients, gradually

bringing the soil pH to 7.5—the desired level for lavender.

From 1985–1991, Gary traveled to the lavender capital of the world in Provence, France, and began farming with Jean-Noël Landel, Gary's partner and the now-manager of Young Living's Simiane-la-Rotonde farm. Each time he traveled back to the United States, he brought back with him *Lavandula angustifolia*—true lavender—seeds.

By 1992–1994, he had enough lavender seed to plant 45 acres in St. Maries and excitedly waited to see how well it would grow. Since that time, this lavender crop has been thriving in our picturesque fields in Idaho.

2013 brought a challenging situation in Provence. Due to a drought, the lavender crop throughout the region wasn't thriving. When Gary visited the farm and saw the struggling fields of lavender, he decided to bring the lavender seeds from the St. Maries farm back to the Simiane-la-Rotonde farm, creating a full circle from where this heirloom seed began its journey.

In addition, the workers at the Simiane-la-Rotonde farm have responded to changes in climate by irrigating the lavender fields. This approach has yielded such tremendous success that other farmers in the region are now following suit.

Building Your Business

UNLOCKING THE DOOR TO HUGE SUCCESS

Madison and Tyler Vining are creating their own destiny, realizing their dreams, and loving the Diamond life. This fun, energetic couple from Oklahoma shares their best insights into building a rewarding and lasting legacy with Young Living.

OUR JOURNEY OF pursuing the Young Living lifestyle and leading our team is changing our lives, and we've done it by focusing on relationships, social media engagement, duplication, and education.

The key that unlocks the door to success in network marketing is relationships. It's important to pick up the phone and talk, meet with other members in the comfort of their homes, and attend Young Living events to connect with each other. These are the people we will be travelling with for retreats, conventions, farm visits, and more; and they are with us on this journey for the long haul.

We are in a social business. We've found that the best way to attract people is to be vulnerable and real with them. When we tell this story—and we do often—people listen. They start thinking

about what might be possible for them. We can't contain our genuine excitement about Young Living and what it has made possible for us, and we don't hold back on our social media platforms. The results have been amazing!

Before we can really share, though, we have to have knowledge. We constantly stress to our team the importance of education. True understanding of the products and their uses is critical when leading others to pursue a Young Living lifestyle. Attending educational events as often as possible and studying essential oil reference books are great ways to increase your knowledge.

These ideas make for a great foundation, but they have to easily duplicate throughout your team to really work. We strive to ensure that our members understand the products, the compensation plan, and the right ways to share. We also do our best to empower them as leaders who are in charge of their success. Watching our leaders take ownership of their journey has been one of the most satisfying parts of leading our team.

FULL CIRCLE: FROM FRANCE TO IDAHO AND BACK AGAIN

The reintroduction of St. Maries lavender seeds and the introduction of irrigation have created a remarkable success. Traditionally, the lavender planted in Simiane-la-Rotonde would bloom and be harvested mid-July. However, the irrigated St. Maries lavender has bloomed at least one month earlier and continues to grow back stronger than ever after harvesting.

Jean-Noël says, "Everyone looks up and sees the multiple lavender farms on the hill. What is amazing is right now all you see is one field of lavender in bloom, and it's ours. People will stop and ask questions; it's kind of an attraction now."

From Provence, France, to St. Maries, Idaho, and now back to France, our uncompromised true lavender plants continue to be a pure source of our signature Lavender essential oil.

WORLD PEACE CARAVAN

Guest writer Kaitlin Burke is codirector of the Junior Youth Ambassador Program for the World Peace Caravan. She is a devoted wife, sister, and daughter and loves serving others, spending time outdoors, laughing, and educating others about essential oils.

DO YOU REMEMBER being a child, when no matter what your faith, ethnicity, or background was, you had the ability to quickly make new friends and joyfully play games with them? The World Peace Caravan (WPC) offers an opportunity for people from around the world to come together and be like children—playing together on the playground of life in peace, not preoccupied by our differences.

Now, even if you can't physically be with us at the caravan in December, you can still play an important role in bringing peace to the world. As a passionate member of the Young Living community, you are invited to bring the ideals of the World Peace Caravan into your local community with the Junior Youth Ambassador Program, codirected by Jacob Young and me.

Designed to educate, equip, and empower young people, the Junior Youth Ambassador Program brings the youth of the world together to be a part of the peace solution. This program was created to show young people that they have the power to be the pebble in a pool of water, creating a ripple that changes their community—and the world.

The Junior Youth Ambassadors will have the opportunity to join youth from around the world in leading coordinated, local community service projects. The premise of this program is that to inspire global change, individuals must first initiate change in his or her local community.

Join us, one loving action and one community at a time. We are looking for youth up to the age of 17, as well as mentors for the Junior Youth Ambassador Program.

For more information on how to get involved, please go to WorldPeaceCaravan.org and click on the "Youth Ambassador Program" tab.

Their impactful work has elevated Young Living's message, and now the rest of the U.S. is taking note of the extraordinary talent coming from our Media Production team. Including Jonny Turner, Bryce Ott, John Whetten, Jeremy Prusso, and Stelios Xantos, the team just won a Telly Award for their work on two Young Living videos including one featuring Young Living brand ambassadors Stevie Baggs, Jr.

Founded in 1978, the Telly Awards is the premier award honoring the finest film and video productions, groundbreaking web commercials, videos and films, and outstanding local, regional, and cable TV commercials and programs in the United States.

This year's Telly Awards received more than 12,000 entries from all 50 states and five continents. Needless to say, winning the award is a remarkable accomplishment. Shannon Gentile

EXECUTIVE TO SILVER IN 24 HOURS!

Shannon shows off the Aroma Complete Kit she earned as part of the Silver in Six Challenge, which she achieved in just 24 short hours!

IS YOUR UPLINE or most of your organization in another state? No problem. Not for recent Silver Shannon Gentile, anyway. She has successfully managed any barriers that have come her way, including an upline comprised exclusively of Young Living members living in other states. Business building can be tricky at times; but in a conversation with Shannon, we discovered some of her passions, advice, and tools for growing a business regardless of location.

Shannon is a fun-loving mother, a natural wellness consultant, and a Young Living believer. Following an earlier introduction, she reignited her passion for Young Living in June of 2014, when she says she "got serious about essential oils." A label reader and health advocate, Shannon immediately noticed that she started experiencing personal benefits. Her experiences fueled her passion for Young Living products even further.

In September Shannon decided to take an active approach to business building. She wanted to share the products and educate others on how amazing they can be. By February 2015 she was a Senior Star

and was "talking to anybody who would listen." Shannon planned numerous classes and events, she carried oils everywhere she went, and she always put teaching people first over making money. After a lot of diligence, she became an Executive on April 26. Amazingly, on April 27 she became a Silver. That's right: 24 hours from Executive to Silver.

When we asked Shannon about her successful business-building strategies, she recalled facing a few of the expected obstacles. For example, members of her upline weren't physically close, and she wasn't part of a large team or organization.

"I don't necessarily have a magical answer for how I did it so quickly," Shannon says. Her approach was to set big goals, focus, and give it her all. That included sharing essential oils at her kids' baseball games, handing out business cards and flyers, and other grassroots methods, which proved to be a huge success. "When you're business building," Shannon says, "it is a lot of work at the beginning. It is hard, but you have to put yourself out there."

Regardless of the challenges Shannon faced initially, she was determined to help bring Young Living essential oils to every home in the world. With an emphasis on education, looking for new opportunities to share the products, and a lot of hard work, she has already reached a notable achievement. Kudos, Shannon!

MALAYSIA @ A GLANCE

- 72 percent growth in the first quarter of 2015
- 10 percent membership growth since the last quarter of 2014, with 115 percent growth in leadership (Silver and above)
- Top Five Faves: Lemon, Lavender, Peppermint, Frankincense, Thieves, and Purification

Located in the heart of the South China Sea, Malaysia is surrounded by other countries, including Singapore, Thailand, and Indonesia. A melting pot of many ethnicities, Malaysia is well known for its diverse cultures and traditions. Young Living Malaysia, which opened in October 2014, is the youngest Young Living office in Southeast Asia, yet already offers a large range of fantastic products.

Every quarter, international speakers and leaders like Dr. Peter Minke, Michael McDanel, Kai Tan, and Dr. Lindsey Elmore visit Malaysia to train members and give insightful education. Dr. Dan Purser, Dr. Olivier Wenker, and Dr. David Stewart are all set to visit later this year. In between these major events, the region welcomes other speakers to visit. Just recently, Frances Fuller, the first Royal Crown Diamond in Southeast Asia, shared her experience, knowledge, and business tips with excited members.

Young Living Malaysia recognized its first Diamonds, Fee Boey and Nigel Pendrigh, only seven months after the region opened for business! Additionally, there's an emergence of three new Platinums and a fast-paced rise in the number of Gold and Silver members. Malaysia is definitely a place of extraordinary opportunities!

Young Living SEED TO SEAL® UPDATE

MONA

The annual Lavender Day celebration in June was a huge hit! With a 5K race, games, entertainment, and food, it was the perfect event for everyone to experience the Young Living farm. Throughout July, both lavender and clary sage will be harvested and distilled.

NORTHERN LIGHTS: Black spruce harvesting and distilling is moving forward rapidly, providing plenty of Black Spruce essential oil for some of our popular essential oil blends. Some crew members are also out in the fields cutting and distilling the naturally growing ledum. The construction of many onsite facilities is continuing, as crews work tirelessly to complete the entire infrastructure at the beautiful farm in British Columbia.

HIGHLAND FLATS: The crew at the Highland Flats farm has finished operations for the summer, and most will be moving down to St. Marie's to help with the melissa and lavender harvests.

ST. MARIES: Gold-ranking members will be spending July 9-10 at the St. Marie's farm harvesting melissa. During the end of July, the acres of beautiful lavender will also be harvested and distilled.

ECUADOR: The crew at the Ecuador farm continues to distill ylang ylang and palo santo daily, as well as ocotea on a recurring basis (around 10 days). The harvest has begun on dorado azul and mastrante. Additionally, our Ecuador farm recently exported over 1,700 lbs. of Dorado Azul, Palo Santo, Lemongrass, Eucalyptus Blue, and Ylang Ylang essential oil.
