By sharing the best of nature, we are all able to fulfill our responsibility of paying forward the blessing of Young Living. You can do your part by being committed to the process, knowing and believing in your "whys," and working harder than ever to fulfill your biggest dreams. So many people are looking for a better way—natural solutions for their families, a way to follow their passions, and opportunities to help others. Young Living has many answers, and you are the messenger who can offer some of them.

*You can do your part by being committed to the process, knowing and believing in your "whys," and working harder than ever to fulfill your biggest dreams.*

Much like our Seed to Seal® process, growing an abundant Young Living business requires thoughtful care through each step. Your downline are your seeds, and how you choose to cultivate and care for each of them will dictate your growth. Your success can be compared to the seal—the final product of all of your hard work.

Success is fascinating because it can mean something different to everyone. There is long-term success and there are daily successes that guide us to become what we ultimately want to become. I believe that true success is discovering the courage, determination, and will to become someone who makes positive impacts in the world. Each of you have the opportunity to make the most of your Young Living business.

Everything that we do ties into our dedication and drive of realizing our vision—to bring Young Living Essential Oils to every home in the world!

## VITALITY DIETARY ESSENTIAL OILS

*For Food. For Family. For Life.*

*Introducing the All-New Vitality Dietary Essential Oil Line*

If you love incorporating our essential oils into every part of your life, we have exciting news for you: Vitality™ dietary essential oils! We're thrilled to introduce this new line, which includes 27 of our best-loved essential oils, now labeled for culinary and dietary use. With a topical and aromatic counterpart for each of these oils, you now have more freedom than ever to discuss and share our products in a wide variety of nutritious and delicious applications!

We realized that our Young Living family has been hungry for the opportunity to share essential oils in ways that have been challenging in the past, so we conceived and launched this line—first of its kind in the industry—to give our members the best opportunities and resources for sharing their love of Young Living oils.

The oils in the Vitality line feature the same therapeutic-grade quality and Seed to Seal® purity as their topical/aromatic counterparts that you've always loved. The difference? Our Vitality labels allow you to share the oils you love in dietary applications, while the topical/aromatic labels allow you to share their other applications—offering you more empowerment than ever to share the versatile gift of essential oils with others.

"The new Vitality dietary essential oils line is an opportunity for our members to share Young Living in a new, compliant, and responsible way," says Young Living's vice president of global marketing, Lyndi Smith. "As the world leader in essential oils, we are thrilled to give our members this exciting, new, and fresh line of dietary essential oils."

When it came to naming Vitality, we wanted to emphasize that these essential oils can contribute to your well-being in a substantial way. Whether it's an extra pizzazz in your recipe or that much-needed extra support in your supplement regimen, this line of essential oils offers the best of nature in a unique way. Through this new launch, Young Living has been able to harness the full dietary potential of these essential oils, while also allowing you to share and explore other applications of essential oils with our separate topical/aromatic labeling.

Nathan Marino, Young Living Product Marketing manager, says, "We wanted to take members' perspective and answer their need for communicating about the versatility of our genuine, therapeutic-grade essential oils."

## GARY AND MARY YOUNG: A LOVE STORY

*Mary Young, Young Living CEO, Shares Their Love Story*

*D. Gary and Mary Young enjoying their time together at the Mona Lavendar Farm.*

Young Living is a remarkable success story, built as a labor of love from the ground up by husband and wife team D. Gary and Mary Young. Young Living is a global phenomenon—largely a result of their tireless work ethic, uniquely complementary chemistry, and passion for sharing

pure essential oils. Here is a glimpse into the Youngs' sweet story, which Mary shared with us:

*How did you two first meet?*

"Gary and I met in October of 1992 at an expo at the Salt Palace in Salt Lake City, Utah.

A young man working in the Young Living booth invited me to a meeting the next day, which I couldn't attend, but I suggested he call me the next time they were in town. Surprisingly, I was called a month later. I was fascinated with what I heard and signed up with someone I didn't know, because 'I only wanted to use the products.' I also wanted to know who this Gary Young was and if he was for real.

"A month later, Gary came to give a meeting. I was amazed that anyone could talk so fast, talk about places, dates, history, and quote scriptures without any notes. We spoke briefly by way of introduction, and then I left.

"A month after that, I received a call from his office asking if I could pick up Gary at the airport so that he could buy a few things that he needed on his way to Egypt.

# MAKING A GLOBAL IMPACT IN CROATIA

## The Young Living Foundation

The exterior of the apartment building the Young Living Foundation plans on purchasing for its partner organization, the Maestral Orphanage

Imagine a moment when you've experienced a feeling of hopelessness and abandonment. Now imagine that painful emotion being an everyday reality.

For many disadvantaged children and young adults around the world, these painful emotions are inescapable. In 2014 the Young Living Foundation began partnering with the Maestral Orphanage in Split, Croatia, to help reduce the number of local children and young adults who feel this pain.

Providing support to children and young adults who have been removed from their families due to neglect, abuse, or other issues, Maestral is currently the only orphanage of its kind

in the area. Maestral simulates the model of a family setting in an apartment unit, with five or six children to one staff member—a licensed clinical social worker—per apartment.

With only a few of these units, excluding their dormitory-style buildings, Maestral has a great need for more apartments. Seeing this need, the Young Living Foundation has committed to donating funds for purchasing apartment buildings in the Split community. Each apartment provides a family-like setting to encourage confidence, success, and personal empowerment by nurturing and caring for children on an individual level. This normalcy provides effective life skills and a transitional program that gives each child an opportunity to live a productive and healthy life.

"The Young Living Foundation will accelerate the rate at which Maestral can place children into this one-of-a-kind program," says Young Living's senior director of global philanthropy, Nikki Davis. "When we look at our projects, we ensure that the most resource-effective and impactful steps are being made. Our partnership with Maestral has been exciting, and the future is looking phenomenal."

Get involved and make a lasting difference in the lives of these children by visiting the donation section of the Young Living Foundation's website at: [bit.ly/YoungLivingFoundation](http://bit.ly/YoungLivingFoundation).

### VITALITY: FOR FOOD. FOR FAMILY. FOR LIFE.

One of the best parts of Vitality is that there's a flavor for everyone. These 27 essential oils fall into four categories: Herb, Spice, Citrus, and Supplement. You'll be able to drop in some flavor with Basil Vitality or Oregano Vitality, spice up your life with Clove Vitality or Black Pepper Vitality, add a drop of sunshine with Grapefruit Vitality or Lime Vitality, or live live more vibrantly with DiGize Vitality or EndoFlex Vitality.

The essence of this launch is to give members more sharing options. With that, we are offering more in-depth and exciting marketing materials in the "Shareable Graphics" section of Member Resources in Virtual Office to share this fresh and vibrant line of dietary essential oils. We're excited to hear how you use the new Vitality dietary essential oil line!

### GARY AND MARY YOUNG: A LOVE STORY

So I picked him up and helped him; and before taking him back to the airport, he took me to lunch and offered me a marketing job, to which I said, 'No.' I was financially independent and I didn't want any job, but I told him I would help him."

Can you describe your first date?

"After he moved to Utah, our lives were entwined in giving Young Living a new beginning in our old, dilapidated building. Gary did the remodeling, blended the oils, and gave meetings and seminars; and I took care of the office. Everything revolved around Young Living, and dating was lunch with everyone else.

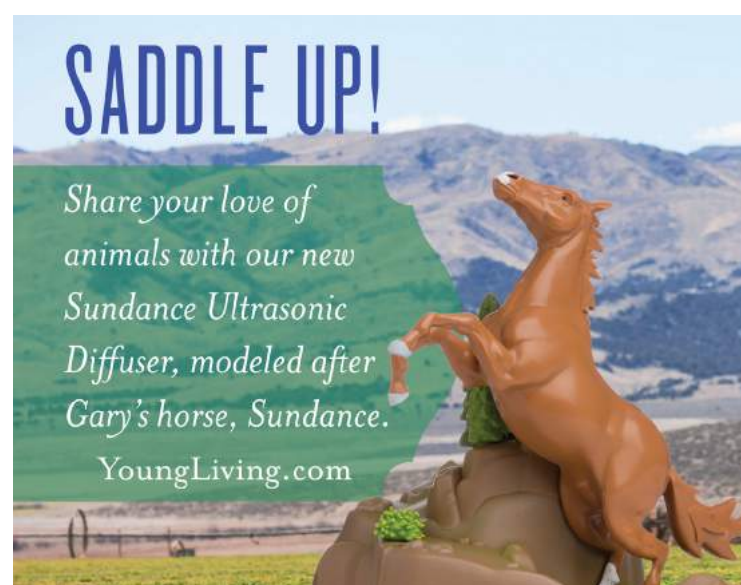

"It was a tough time with no borrowed money or investors, but it was also exciting with Gary's compelling vision. We have many fond memories with some funny stories of those early days, such as when he was building the first distillery in St. Maries, and the steam running through the PVC pipes caused them to collapse; so Gary had to replace the PVC with steel pipes. Those times were frustrating, but the thrill of seeing the oil bubble up is all part of what brought us to where we are today."

What's your secret for being married so long?

"Gary comes from the mountains and I come from the operatic stage; and yet we think alike, our standards are the same, we want to help people, and God is our foundation. We believe that health and vitality lie within the wonder of Mother Nature and not in the chemicals of the laboratory. Our goal is the same—to help others discover true wellness, so they can share with others and carry the torch of an abundant lifestyle.

"We love planning, working, and doing meetings together, and we love sharing the challenge and success of Young Living with others. Some say that Gary is the visionary, and I am the realist, but it's a great dynamic that works very well. We are about truth, honesty, and integrity and are deeply grounded in our love of and belief in God. We are about family; our own family and our Young Living family. Our boys love God, the oils, doing what's right, eating healthy, and being an example so that they can further the great company that Young Living has become."

Thank you, Mary, for sharing a look into the great love story behind Young Living's success!

The Young Living market in Sweden has been prospering. Members in this region have proved to be determined, and leaders continue to see growth and success throughout all areas of business.

The Sweden market has been especially invigorated with the new international Premium Starter Kit, the Raindrop Technique® Kit, and individual Raindrop Technique essential oils and essential oil blends. Both versatile and unique, these newly introduced products have helped Swedish members and their contacts find a whole new way to love Young Living.

The growing popularity of Young Living products in Sweden and the increase in number of Swedish distributors is also reflected in the growth of members attending major European events such as the ribbon-cutting event in Croatia, the Pan-European Convention in Berlin, and expanded events throughout Europe and Sweden.

These expanded events include a series called The Christmas Tour that ran through the end of 2015, which ran through the end of 2015, promoting the new Premium Starter Kit. The Christmas Tour was widely attended by enthusiastic members, who left eager to share the gift of Young Living.

Due to the growing demand and growth in Sweden, we've also made an exciting expansion: additional Swedish-speaking customer care advisors in the new Young Living office in Chiswick Park, London.
