

THE ESSENTIAL EDGE

NEWS OF THE WORLD LEADER IN ESSENTIAL OILS

FOUNDER'S MESSAGE

Each new year brings a great sense of excitement and possibility. As we prepare for the new year, we start dreaming. We have many dreams and goals, and many of us are filled with a desire to become better, do something more, and leave our mark in a meaningful way.

Our dreams are the driving force that motivates us to reach higher and pursue more diligently that which we most desire. One thing I've realized, however, is that the mere act of dreaming isn't enough. Realizing dreams requires a plan, a pathway, and a focused effort.

Our dreams are the driving force that motivates us to reach higher and pursue more diligently that which we most desire.

The Young Living corporate team is working very hard to provide the best pathway possible to help you achieve your Young Living dreams. By following the best plan, you'll quickly see that you can achieve your goals.

Think back to where you were and the person you were this time last year. Now take a moment to notice the person you are today. Are there significant differences? Do you like the person you are today? What else can you focus on to become the best version of yourself? Every journey has to start somewhere.

Keep in mind that the pathway to reaching goals can be tough at times, but you should never let any bumps stop you from setting and pursuing big goals! Surround yourself with positive, happy, and motivated people who believe that looking up is the only way to look.

Young Living provides a place where we can unite to achieve our dreams of wellness, purpose, and abundance. Collectively and individually, we are striving to bring the best of nature to every home.

Now is your opportunity to find your passion and to realize your dreams and goals through diligent focus. This year, let's all commit to focusing on achieving our biggest dreams.

A FRESH START FOR THE YEAR

Kick-Start Your 2016

For an invigorating introduction to the new year, try practicing yoga. It's great for beginners and advanced yogis alike.

Starting a new year is an opportunity to start fresh and to continue your momentum. The themes of new beginnings, fresh starts, and creating the life you want become brighter than ever. Sometimes, however, thinking about the new year and its new possibilities can be overwhelming. Young Living brand ambassadors James Lawrence, Edina Hamulic, and Vicky Vlachonis share how they start the new year to achieve their goals. Try following their lead as a springboard for kick-starting your year in the best way.

James Lawrence, the Iron Cowboy, shares his perspective on persevering through any struggle: "Too often we set goals to kick off the new year; and as soon as we fall short, even just a little, we give up on them." He continues, "To be successful, we need to stay constant and consistent to be on top of the goals and progress we are making. This year, create a plan of constant goal-setting and frequent assessment of your progress." This approach allows James to monitor and understand his progress.

As an osteopath, Vicky Vlachonis shares her holistic approach of reflecting and releasing. "Once you've reflected what didn't serve you and move you closer to your goals and dreams, begin to release. When your body

is healthy and strong, it improves your mind's ability to be clear and focused." By emphasizing your understanding of the strengths and weaknesses of the prior year, Vicky believes that achieving your goals will be easier.

Edina Hamulic is a figure pro with the National Gym Association, and she's no rookie when it comes to setting goals. "I start my new year by creating a 12-week workout program," she says. "I also set a goal to eat at least two healthy meals per day." The way Edina kicks off her new year creates a sense of routine that allows her to maintain her hard work.

No matter how you start the new year, creating the future you want begins with one simple step: starting. Whether you use the advice of our brand ambassadors or create your own kick-start program, we are here cheering you along the way!

IT'S NEVER TOO LATE TO START BUSINESS BUILDING

Robert and Elizabeth Chase Achieve Silver at the Ages of 90 and 94!

Robert and Elizabeth Chase prove that it's never too late to start business building.

You would think that at 90 and 94 years of age, Robert and Elizabeth Chase would start slowing down. However, according to their daughter and Young Living member Mary Ann Wallace, that's not the case for this vivacious

couple. They recently qualified for Silver, and they don't plan on stopping anytime soon.

So what's their key to success? Simply sharing their love of Young Living products. After being introduced to Young Living by their children—some who are members—Robert and Elizabeth fell in love with the opportunity to pursue optimal health and wellness. The two have enjoyed connecting their friends in their assisted living center with Young Living and feel that sharing Young Living gives them a purpose because they are helping so many others.

"My parents have always been interested in wellness," said Mary Ann. "After I introduced them to Young Living, they starting sharing it with everyone who would listen."

The Chases are hard at work growing their Young Living business, creating a foundation of sharing that will help them to travel and live their lives to the fullest. Robert and Elizabeth are just two of our passionate members who prove that there is a place for people of every walk of life in the Young Living family!

SERVING IN UGANDA

Philanthropic Service Trip Applications Opening February 1

Children in Uganda smile for the camera. During this upcoming philanthropic service trip, you'll interact and serve with community members of Uganda. Apply for this trip on February 1

It's often said that we feel the best when we are serving others, which is why a desire to serve seems to be contagious! Starting February 1, the Young Living Foundation will accept applications for its humanitarian trip to Uganda, Africa. This life-changing experience will be in July and will allow attendees to work hand in hand to make a tangible difference in the communities they are visiting.

Members who attend the Uganda service trip will work with the foundation's three partner organizations in Africa: African Hearts Community Organization (AfriHCO), Sole Hope, and Healing Faith. All three organizations work toward maximizing the impact of philanthropic efforts in Ugandan communities. Service opportunities will be incorporated throughout the entire trip and will range from delivering Young Living essential oils to hands-on community building projects. The impact will be tremendous.

If you've been following the remarkable work of the Young Living Foundation, now is your opportunity to be a part of it. You can submit your application to travel internationally to make a lasting difference. Together, we can work to further the foundation's mission of inspiring individuals to defy human limitation.

"Our members have the biggest hearts and are always ready to serve," says Young Living's director of philanthropy, Nikki Davis. "These trips allow us to unite together, serve communities worldwide, and assist in carrying out Young Living's vision to bring Young Living to every home in the world."

To apply for this trip, simply visit bit.ly/Young-LivingFoundation. There you'll find the application and more details.

BETTER THAN EVER!

Young Living Opens New Member Services Building

The exterior of the new Member Services building in American Fork, Utah.

As the world leader in essential oils, Young Living has opened a state-of-the-art Member Services building to accommodate our unprecedented growth over the last several years. As we enter the new year, we are proud to announce the successful ribbon-cutting event for this new call center. The official grand opening event included city officials, community members, and Young Living employees, who came together to celebrate this new chapter in our history.

This new 50,000-square-foot facility is home to our nearly 500 Member Services employees. Our new building in American Fork, Utah, enables us to bring our Member Services staff under one roof and allows us to grow our infrastructure. We are committed to providing the best member

experience possible, and opening this new building is just one of the many ways we are working to put our members first.

"After experiencing the tremendous growth we've had over the past couple of years, this move enables us to enhance service for our members and to accommodate future growth," said Travis Ogden, Young Living's chief operating officer. "We are grateful to American Fork City for the opportunity to expand to a larger facility and keep it within close proximity to our headquarters."

Community members joined in welcoming Young Living to American Fork.

"We are pleased to have Young Living in American Fork, particularly in an area we were eager to see renovated," said American Fork mayor J. H. Hadfield. "Not only does the company bring new life to the area, but it also offers our community job opportunities and exposure for our local businesses. We welcome Young Living to our city."

On a daily basis, we look for ways to provide more access, shorter wait times, and the best experience possible. With the opening of this much-anticipated facility, we are even closer to bringing essential oils into every home in the world!

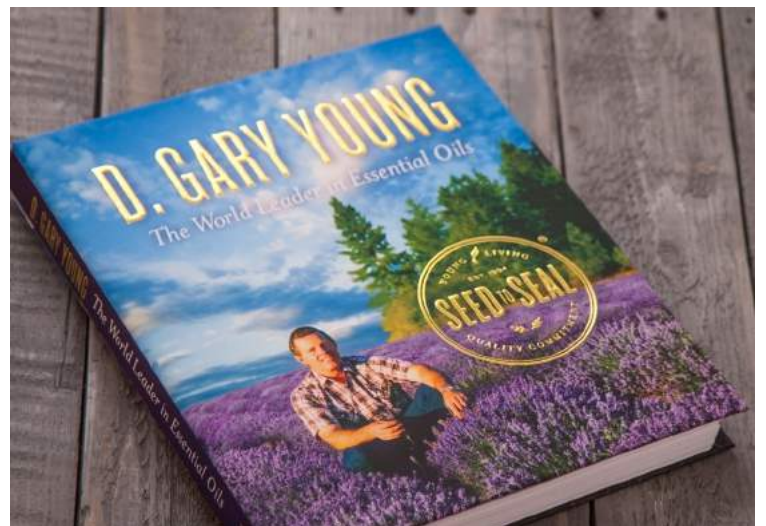

Register today for the convention on June 22-26, in Salt Lake City, Utah, by visiting YoungLiving.com/2016Convention.

Oil of the MONTH

Northern Lights Black Spruce comes from Young Living's new Northern Lights farm in Fort Nelson, British Columbia, Canada.

Diffuse this rich, woody, and invigorating scent during meditation to create a fresh aromatic atmosphere. This oil includes the naturally occurring constituents alpha-pinene, camphene, and beta-pinene and can be found in many popular blends, including Valor II™, Peace & Calming II™, Light the Fire™, and ShuTran™.

Did you know?

- Northern Lights Black Spruce is a great addition to your favorite moisturizers to help improve the look of dry, rough skin or to help healthy-looking skin look its best.
- This oil was the first oil distilled at Young Living's new Northern Lights farm in British Columbia, Canada.
- Northern Lights Black Spruce is distilled from the entire tree, not just the branches and needles.

Young Living members in Singapore were excited to welcome Dr. David Stewart to their country for the first time on December 5! The heavy rain early in the afternoon did not dampen the mood of the 600-person crowd when they met in a local convention center to hear from the Young Living expert, who is known for his several academic certifications and honorary awards.

Dr. Stewart presented on his topic titled "The Mind-Body Connection: Quantum Physics and Essential Oils," drawing from his vast knowledge and rich experiences.

Dr. Stewart also made his way around the region to deliver this important message, visiting members who gathered in Japan, Malaysia, and Indonesia. We thank Dr. Stewart for sharing his time and wisdom in Asia!

- 4 oz. plain Greek yogurt
- 4 oz. crushed ice

INSTRUCTIONS

- Place all ingredients in a blender and blend on high until smooth. Serve immediately.

SEED TO SEAL® SPOTLIGHT: SEED

Every part of producing pure, authentic essential oils begins with the seed selection. Young Living's powerful, effective essential oils come from seeds and plants that are carefully selected for their potential to produce high-quality essential oils.

Our own experts partner with university researchers to evaluate the essential oil potential of our seeds. The seeds we use are selected for their scientifically proven ability to become plants with the highest possible levels of bioactive compounds. Before harvest, field workers walk our fields and select the plants with the richest colors, the healthiest growth, and the overall greatest potential. After being selected, the seeds are taken from the plant and properly prepared for planting.

The process of selecting these premium seeds takes more than a single season. Did you know that our lavender in Mona, Utah, requires a three-and-a-half-year cycle from seed to harvest? What's just as important is that Young Living holds our partner farms to that same painstaking standard. Cutting corners isn't part of who we are!

Our promise to you is that through each step of our production process, on both our own and partner farms, we use the most exacting standards possible to make our products, your life, and the earth better. Only one company can make the Seed to Seal promise—that's Young Living!
