

# THE ESSENTIAL EDGE

NEWS OF THE WORLD LEADER IN ESSENTIAL OILS

## FOUNDER'S MESSAGE

Every time I walk the fields on one of our farms, I am deeply inspired by the beauty and tremendous growth, with its endless possibilities. Whether I am at the Winter Harvest working alongside members in the cold wind and blowing snow or in the desert heat of Salalah, Oman, where we gratefully distill *Boswellia sacra*, I find my greatest sense of fulfillment in being part of my Seed to Seal® process—which I established more than 20 years ago—a process that only Young Living can claim.

We proudly set the standards for authenticity and purity with our Seed to Seal foundation, which is seen in every aspect of our business. From the seeds we plant, through the harvest and distillation, to the moment our bottles are sealed, we know that you will receive the naturally occurring, high-quality constituents that Mother Nature offers to provide you with uncompromising quality.

Our focus is to produce the best essential oils and oil-infused products in the world and to give people everywhere the tools and opportunity to reach their highest potential and live their dreams. We are growing abundantly because so many are achieving beyond their expectations, and possibilities are becoming limitless in the minds of our members who catch the vision of taking essential oils into every home.

Abundance in life fills the soul with gratitude, enlightens the mind, and gives meaning to us all as we share the vision of essential oils—true gifts from God—the perfect vehicle to manifest each heart's desire.

This is why I spend endless hours studying and researching, traveling around the globe visiting partner farms, and developing new farms. I spend many sleepless nights thinking about how to design and build the most efficient distilleries.

Seed to Seal isn't a slogan—it's our foundation, our commitment, and our demand for excellence. Our complex and painstaking process is just part of what we do because we know that what we do has the power to change lives in a very real way—to inspire wellness, purpose, and abundance.

## ELITE EXPRESS

*The Next Big Thing for Young Living Business Building*

*Elite Express offers Young Living members an opportunity to take their business to the next level.*

Ever since we previewed the all-new Elite Express program back in December, we've been so excited to officially launch it! We've designed it to take the success of Silver in Six and expand it to reward even more members. Elite Express spans from Executive all the way up to Platinum and offers big rewards every step of the way.

Elite Express is a 20-month program and is available for members across the globe in four tracks, lasting from 3 to 6 months each: Executive in 3 (Ei3), Silver in 6 (Si6), Gold in 6 (Gi6), and Platinum in 5 (Pi5), with a bonus Elite 20 (E20) track for those who successfully complete all tracks within 20 months or less. This program helps members in their path to leadership by giving them major incentives to advance in an accelerated timeframe, including:

- Gold iPad Mini
- Exclusive 30-oil collection
- Fitbit Charge HR wearable
- 5-diffuser collection
- 1,000 Essential Rewards points
- And much more

A voluntary incentive program, Elite Express is a supplement to our existing recognition program. So if you reach Executive from the rank of Star in more than three months, don't worry—you'll still enjoy all the compensation and benefits of an Executive. While you may not receive the Ei3 reward bundle, you may still go on to complete the other tracks on time and receive those rewards! Elite Express is a supportive program that is designed to offer big rewards for members who achieve their goals in record time.

"Elite Express gives an opportunity for our members to develop skills and push to the next level," says Young Living's senior manager of business innovation, Jeff Corrigan. "We have included both short-term and long-term added benefits that give a clear path for success."

A few of these benefits will include a social community where like-minded leaders are encouraged to create dialogue about Elite Express, webinars featuring top leaders' success tips and business strategies, and other business tools to aid in your journey to Young Living leadership.

## D. GARY YOUNG'S FIRST FARM

*The Beginning of Seed to Seal*

*In 1992 Gary purchased the first acreage of the farm in St. Maries, Idaho.*

Curious about the origin of Young Living? In Mary Young's new book, *D. Gary Young: the World Leader in Essential Oils*, you can follow Gary Young's personal path to becoming an essential oil pioneer. Check out portions of this fascinating account below, summarized from pages 34-38 of the book:

In May of 1992, Gary purchased his first farm of 160 acres

of pristine farmland in the mountains of St. Maries, Idaho. He quickly began to till land that had not been plowed in 50 years. After discovering that the soil had an acid pH of 4.5, Gary began tilling in several tons of manure, microbes, enzymes, and foliage feed to start bringing up the pH. It took him 10 days to plow 40 acres.

Knowing that aromatic plants did not grow well in conifer-type soil, each year Gary plowed more calcium, nitrogen, and phosphate into the ground, bringing the soil to the desired pH of 7.5 for lavender. He tilled 1 acre of ground in front of the barn and transplanted the lavender, thyme, and peppermint from his backyard in Spokane to this "gigantic" farm, as it seemed to Gary, beginning what would become his great farming legacy.

Read more of this incredible story, and others, in the all-new book, *D. Gary Young: The World Leader in Essential Oils*. You can place an order online, by phone, or in the Virtual Office.

## PROVIDING HOPE IN NEPAL

The Young Living Foundation

D. Gary Young's recent visit to Nepal inspired an opportunity for the Young Living Foundation.

After visiting Nepal in January 2016, Young Living founder D. Gary Young and staff from the Young Living Foundation were overwhelmed with the devastation that still exists in a nation slowly recovering from the 2015 earthquakes. Nearly one million people in Nepal are still homeless after their homes were destroyed almost one year ago. Many victims are struggling to survive the sub-zero temperatures, chilling winds, and heavy rains that stream through gaps in their makeshift shelters.

The water that drips from above and seeps in from below renders these living conditions painfully inadequate.

Motivated to respond, Gary penned a heartfelt letter to Young Living members outlining the desperate situation and asked for their help. This letter can be read at [YoungLiving.com/RebuildNepal](http://YoungLiving.com/RebuildNepal). The response to his letter has been amazing and heartwarming. The Young Living Foundation welcomes the Rebuild Nepal Project as the foundation's newest endeavor in fulfilling its mission to empower individuals to defy limitations.

With 100 percent of all donations going directly to its partnerships and projects, the Young Living Foundation is focused on providing resources to revitalize homes and create better, more livable environments in Nepal. The foundation has imported a brick-making machine, similar to the one used for construction projects at the Young Living Academy in Ecuador, expediting the plans to rebuild homes in impacted villages. This machinery, and the factory that will soon house it, will provide training and employment for hundreds of the Nepalese people—stimulating the economy and creating jobs for years to come.

The foundation invites you to get involved! None of these efforts would be possible without the remarkable generosity and support of Young Living members, many of whom have expressed interest in lending their expertise and skills to this project. The foundation is working to finalize details for members to travel to Nepal on a philanthropic service trip later this year. On this trip, members will be invited to serve and participate in the Rebuilding Nepal Project. For updates, visit [YoungLiving.com/Foundation](http://YoungLiving.com/Foundation).

## SEED TO SEAL SPOTLIGHT

### 2016 Winter Harvest

The 2016 Winter Harvest at our Highland Flats, Idaho, farm was a great success! Each year, members from around the world gather to take part in Young Living's unique Seed to Seal® process. This event is an opportunity to participate firsthand in the harvesting methods that Young Living uses to ensure that our oils are pure and potent!

This coming spring, we'll follow up the harvest with our annual Spring Planting event, where we invite members to replant trees. Not only does this event give back to nature and reduce our ecological impact, but it also helps ensure the supply of conifer essential oils for years to come!

#### Winter Harvest 2016 facts:

- Over 120 members attended the 2016 Winter Harvest.
- Members came from China, Hong Kong, Canada, Malaysia, Germany, Japan, and the United States.
- Member rank levels ranged from new Distributor to Royal Crown Diamond.
- Attendees not only harvested plants but also worked in the new, computerized Highland Flats Distillery.

To learn more about the Highland Flats Farm and distillery—the first automated, large-scale capacity, computerized essential oil distillery in the world—visit [SeedToSeal.com](http://SeedToSeal.com) or read *D. Gary Young: The World Leader in Essential Oils*.
