Cleanse & Nourish for a Fresh Start on Vibrant Living

It's time for spring cleaning! Sweep out the toxins you've absorbed from the air, water and food over the past months and years, those that have dulled your complexion and sapped your energy. Lose those extra pounds and mental doldrums with a gentle, yet thorough cleansing of your digestive system.

What Do You Have to Lose?

At times I find it surprising how well our bodies function in accomplishing the overwhelming "waste management" job they do every single day. Here are some sobering facts:

- Over 500 chemicals can be found in home cleaning and laundry products.
- Approximately 3000 chemicals are added to our foods and 700 chemicals are found in our drinking water.
- Residue from over 400 chemicals has been found in human tissue.¹

Dr. Joseph Mercola's website clarifies the benefits of cleansing for the body's immune system:

The better our bodies are able to process and eliminate the various toxins we accumulate, the better our bodies will function, and the stronger and more resistant to disease we will be. In situations where one's health has already been compromised, any treatment, regardless of what type it is, will be more effective if the body is 'cleaned out' first, using one or more forms of detoxification.²

"Spring cleaning" can be very effective without extreme measures or fasting, especially now with Young Living's new **Re-JUVA-nate™ Kit**. And with just three products—**Detoxzyme™**, **ComforTone™** and new **JuvaPower™**—cleansing is made easy, too.

1. Start Cleansing with Detoxzyme

FACT: After the age of 40, our stomachs don't produce sufficient digestive enzymes to completely process the foods we eat. This fact, combined with often inadequate intake of water and fiber and lack of exercise, causes many to experience uncomfortable bloating and irregularity.

Detoxzyme vegetable enzyme complex improves digestion by breaking down sugars, starches, proteins and fats and promotes detoxification of the body. For a healthier digestive tract, Detoxzyme is enhanced with the essential oils of **Cumin**, **Anise** and **Fennel**.

2. Draw Out Toxins with ComforTone

ComforTone combines the natural cleansers of bentonite and apple pectin with herbal extracts to dispel parasites and toxins, enhance colon function and relieve constipation. The essential oils of **Peppermint**, **Ginger** and **Anise** combat indigestion, while ComforTone cleanses.

Don't forget to drink at least ten glasses of water each day while cleansing, preferably with a drop or two of **Lemon**, **Orange** or **Tangerine** essential oil.

3. Accelerate Cleansing with JuvaPower

Fiber is absolutely critical to cleansing, as it speeds up "waste removal." The Re-JUVA-nate Kit makes adding fiber delicious with **JuvaPower**, an advanced phytonutrient fiber supplement. Stir into water or juice or sprinkle on food to cleanse your liver and digestive system simultaneously.

Re-JUVA-nate Kit BONUS

Bonus Booklet includes Dr. Young's cleansing recommendations, delicious recipe ideas and training tape.

Cleanse Regularly Each Year for Better Health

Because we take in toxins each day, make cleansing a part of your health regimen: Plan to cleanse two or three times each year for sixty days. After cleansing for a few days, you may find you're sleeping more soundly and awaking more refreshed. You may notice your thinking is clearer and your concentration better—many do. Start today and look forward to significant improvements in your health.

Berry Young Juice

for YL Business Builders**

**WIN HAWAIIAN
VACATION FOR TWO**

Young Living is making it
VERY EASY to enjoy **Berry
Young Juice** every day!

- NEW LOWER PRICE
Save \$10 per liter
- EXTRA SAVINGS ON
TWO & FOUR PACKS
- HAWAII CONTEST
ENTRIES WITH AUTOSHIP

If you haven't heard about Berry Young Juice yet, it's definitely time. One delicious ounce of Berry Young Juice is your most potent weapon against the free radical damage which causes aging and chronic health conditions. Independently tested on the ORAC (Oxygen Radical Absorbance Capacity) scale, **Berry Young Juice far surpasses ALL the other antioxidant juices tested.**

Start Your Day with BYJ

Berry Young Juice (BYJ) is an easy addition to your diet, especially while you're cleansing with the Re-JUVA-nate Kit. It tastes so good you may want to drink the whole bottle. But don't—you'll want some for tomorrow. Just one ounce (diluted with water) each morning on an empty stomach will help establish a proper pH balance in your digestive system and give you a super-dose of antioxidants.

To spread the word, Young Living is having a Berry Young Juice Autoship Contest for business builders. Starting in April, 2004, Young Living distributors can win great prizes each month such as free hotel and admission to Hawaii Life & Leadership Conference. In September, the Grand Prize Winner will be chosen to win a \$3,000 Hawaiian vacation for two. See www.youngliving.com for contest details.

Enjoy the best spring of your life!

Feeling better is simple and you'll save money, too. Order your Re-JUVA-nate Kit and Berry Young Juice on AUTOSHIP for the next two to three months and save 3% on each order.
