## A•R•T Essentials - Skin Care from Young Living

Dear Santa,  
I've been very good this year. Could you please bring me younger skin by Christmas?  
Sincerely,  
Young at Heart

If there was ever a reason to exchange Christmas gifts early, A•R•T is it. This brand-new skin care line from Young Living has produced visibly healthier skin for many people in less than six weeks. Based on these results and the cutting edge science that produced them, I expect A•R•T will be the hottest Young Living gift for men and women this year.

The A•R•T Essentials System has just three components to be used twice daily:

### Gentle Foaming Cleanser

Cleans gently, doesn't dry skin and is enhanced with selected essential oils, vitamin E and green tea leaf extract.

### A•R•T Day Activator

This product actually uses daylight to deliver essential oils to renew damaged DNA and help sustain DNA recovery.

### A•R•T Night Reconstructor

Replenishes damaged DNA, diminishes age spots and increases the elasticity and density of the skin.

### What makes A•R•T so unique?

First, it's been formulated to do the following:

1. Stimulate repair of skin's DNA.
2. Restore elasticity.
3. Increase the amount of collagen-which plumps the skin and reduces visible wrinkles.

Second, A•R•T is the first and only product to incorporate the following three technologies-with remarkable results.

1. Specialized **enzymes** have been proven to replenish DNA.
2. **Liposomes** help transport nutrients from the outer layers of skin deep into the tissues beneath.
3. **Essential oils** of Frankincense, Sandalwood, Melissa and Chamomile. Frankincense and Sandalwood have been proven to support and sustain the skin's ability to renew its DNA.

With A•R•T, we're just a few weeks away from healthier, younger-looking skin. I can't wait to try it - how about you?

### The "buzz" about new A•R•T Skin Care

*Who says us older folks with wrinkles can't look younger? We are impressed and looking forward to getting more results to reverse the skin damage from the past 60+ years.*  
Rich & Shauna

*I have been using this new A•R•T skin care line for two weeks now... the brown spots on my hands are almost gone.*
