

Essential Oil Therapies

Your Slique Experience

As our modern lifestyles continue to spiral out of control, there seems to be little time in the day to plan healthy meals and eat right—let alone sweat it out at the gym. Maintaining our health has unfortunately taken a back seat to workday responsibilities and household tasks, leaving us overweight, depressed and looking for an answer to sustainable, healthy weight loss.

The Slique Experience from Young Living offers an empowering, life-changing journey to a healthier, happier you. As the first essential oil based weight-management system on the market, Slique brings vitality to your life and the lives of those around you.

Slique Weight Loss Kit

This five-component kit contains everything you need for the first 30 days of your weight-loss campaign. By simply following the Slique System you will reduce your calorie intake, increase your metabolism and lose weight. Here is what you'll find in your Slique Weight Loss kit:

Slique Tea

This exotic drink from Young Living has been formulated with natural ingredients to help support your individual weight loss goals. The blend is rich in flavonoids, a dietary compound generally associated with helping maintain certain normal, healthy body functions. You can drink hot or cold for a boost of energy, extra antioxidants and to satisfy your sweet tooth.

Balance Complete

Since nutrient deficiency lies at the root of most chronic and degenerative health problems, Balance Complete has been formulated to supply an optimal balance of nutrients in a delicious, complete meal. These ingredients provide generous amounts of fiber and other nutrients that cleanse through improving elimination and digestion, balancing blood sugar and controlling hunger.

NingXia Red

This powerful antioxidant drink contains whole Ningxia wolfberry puree—a super blend of blueberry, pomegranate, apricot, and raspberry juices, organic blue agave, grape pomace, ascorbic acid (vitamin C) and lemon and orange essential oils. Its health benefits may include support for enhanced immune function, liver function and increased energy.

Essentialzymes-4

This multi-spectrum enzyme complex is specially formulated to aid the digestion of dietary fats, proteins, fiber and carbohydrates commonly found in the modern, processed diet. Essentialzymes-4 combines both animal- and plant-based enzymes into a single solution to help the body more completely break down problematic foods.

Transform into a New You

The Slique Experience is a 30-day regimen that can be reordered regularly and is also available in a vegetarian-friendly version. When combined with a sensible diet and moderate exercise, the products in this collection work together to support weight management. This starting point on your journey to wellness, purpose and abundance is designed to help you achieve your health and fitness goals.
