ART Skin Care System	
	<p>A·R·T Skin Care System- Age Refining Technology - is a superior concept in skin restoration that combines the advanced technology of DNA recovery enzymes with a proprietary anti-aging Peptide Complex to reduce the look of fine lines and wrinkles, diminish age spots, even skin tone, and increase the elasticity and density of skin. Recognizing the incredible power of essential oils, Young Living added frankincense and sandalwood to this unique formula to reinforce DNA renewal. Add the legendary wolfberry seed oil, known for its superior moisturizing and skin conditioning properties, and you have the formula for a truly unique and effective skin care system.</p> <p>A·R·T Skin Care System includes Day Activator (30 ml), Night Reconstructor (30 ml), Gentle Foaming Cleanser (100 ml), and an instructional booklet.</p>

How to Use: Please see individual product descriptions for Gentle Foaming Cleanser, Day Activator and Night Reconstructor.
