

# IDAHO BLUE SPRUCE

PRODUCT INFORMATION PAGE

## Product Summary

Grown, harvested, and distilled on Young Living's farm in northern Idaho, blue spruce (*Picea pungens*) contains high percentages of the plant constituents alpha-pinene and limonene. Applied topically, blue spruce has been known to relieve tense and stressed muscles, while the woody aroma of this oil invigorates the senses, brings peace to the mind, and relaxes the body.\* Its aromatic influences also help open and release emotional blocks, bringing a feeling of balance and peaceful security.

The refreshing, invigorating, and strengthening properties of blue spruce also have a long history of use in the sauna, steam bath, and as an additive to baths or massage oils.
